

Supported Brands

Integrel E-Power works in conjunction with various brands of power electronics and batteries. Integrated system testing is performed with each brand of battery to ensure safe and robust operation. In addition, we work closely with all supported vendors of power electronics to ensure seamless integration. Key battery and power electronics partners include:

- [Victron](#)
- [MG](#)
- [Mastervolt](#)

Supported Engines

In conjunction with some marine diesel engine manufacturers, Integrel Solutions has developed brackets for Integrel E-Power to be installed and function correctly, ensuring safe and robust operation.

Yanmar				
3JH40	4JH-5E	4LV195	4JH80	4LV 150
4JH45	4JH-5CE	4LV250	4LV170	4JH110
4JH57	4JH4-THE	6LY400	6LY 440	8LV320 **

Volvo
